

bsmart Commercial Printable Grade Reflective film is an enclosed beaded retroreflective film intended for use on signage applications requiring durability of up to 3 years. The PET film is pre-treated with a thin top coat for improved printability with many ink systems. This series is mainly for advertising graphics and promotional signs.

Physical Characteristics & Properties	
Durability	3 years
Retroreflective Elements	Reflective glass bead
Film Thickness	100 mics
Face Film	36 mics PET
Adhesive	30 mics Permanent pressure-sensitive adhesive
Release Liner	115 Gram Poly-coated paper liner
Application Surface	Flat surface only e.g. aluminium
Application Temperature	15°C
Product Feature	Screen printing, not tearable
